In this online discussion, parent leaders will share the strong practices implemented at K-12 schools and districts that support parent empowerment and engagement. Participants will hear a parent-centered perspective on building trust, transparency, and collaboration for a safe return to school beyond COVID-19.

Join this interactive talk and share your thoughts and ideas about parent empowerment and leadership during this pandemic. Ensure that your voices are heard as decision makers begin planning for curricula, instruction, and a reopening of schools in the new academic year.
